A MESSAGE FROM THE CHAIRS

Mabuhay! ជំរាបសួរ! Welcome to the 49th annual Utah Asian Festival! Created by the community for the community, this event is a labor of love and a testament to what's possible when we come together in the spirit of celebr-Asian, preserv-Asian, and unific-Asian!

2026 marks our fourth year of leading the festival together, and each year we're reminded just how powerful collabor-Asian can be. Alongside 90+ incredible volunteers (friends, Aunties, Uncles, and representatives of various Asian community organizations), we began planning and meeting last September. After 10 months of dedicat-ed prepar-Asian, we're proud to present a full day of fun, food, performances, and culture now with extended hours!

To share the immense workload, our planning committee is organized into 8 different subcommittees: Booths, Children's Activities, Decorations, Entertainment, Foods, Fundraising, Marketing, Operations, and Volunteer, each one pouring their hearts into countless hours of meetings, outreach, and coordin-Asian. From building relationships with vendors and doing ocular visits at businesses to planning meetings, creating safety protocol, and everything in-between, **we've logged over 2,000 volunteer hours this year!**

Our planning committee is dedicated to continuing this tradition of volunteerism to showcase Asian culture, talent, business, and community with free admission to our fellow Utahans. We are so grateful for the vision and dedic-Asian our UAF committee, our Asian community organizations, performers, vendors, volunteers, sponsors, and everyone behind the scenes who made this event possible.

As you explore today's festivities, we invite to meet someone new, enjoy the variety of performances, support local Asian artisans and small businesses, capture your favorite moments and tag us or use #UtahAsianFestival

We hope you leave today feeling more connected, inspired, and proud of Utah's historic and vibrant Asian heritage. We invite you, your families, and friends to join us again for years to come; especially as we look ahead our milestone 50th anniversary in June 2027! From the bottom of our hearts, thank you and let's continue to make Utah a more beautifully Asian place to call home.

ABOUT THE ASIAN ASSOCIATION OF UTAH

Our community is a unique intersection of two groups: Asian Americans in Utah--representing our heritage community--and marginalized refugees, asylum seekers, and human trafficking victims--representing the community we serve.

We work to help victims of human trafficking, refugees, and refugee youth improve, become self-sufficient, and thrive. Our work is trauma-informed and linguistically sensitive, delivered by specialized staff who journey with each individual and family as they transition to life in Utah.

In 1978, the Asian Association of Utah board of directors and Asian community leaders hosted the inaugural Utah Asian Festival at the Salt Palace demonstrating unity in our community and showcasing the wealth of traditions and culture of our Asian American communities through performances, exhibits, and food.

The festival was the answer to the board of directors' goals 1) to unify our diverse Asian American communities consisting of historical ethnic groups (Chinese, Filipino, Japanese, Korean) in Utah with our new, incoming refugee populations as a result of the wars in Southeast Asia (Hmong, Khmer, Laotian, Vietnamese); 2) to uplift our communities on a statewide platform; and 3) to educate the general public about the diversity, experiences, history, and contributions of Asian Americans in Utah.

HONORING OUR ELDERS & ANCESTORS

From the 49th Utah Asian Festival Planning Committee, we wanted to share our heartfelt appreciation to those who paved the way for our success in hosting the event as we near our 50th anniversary celebration. Many of these individuals dedicated at least 30 years in representing the Asian communities and organizations which established the festival in 1978; and many of whom served as Chair, Co-Chair, cooked, cleaned, and labored after-hours so that their dream of Asian Americans thriving in Utah could be realized.
